Adolph Buenger, pastor of Friedens Lutheran Church of Kenosha, and president of the Southeastern Wisconsin District of the Wisconsin Evangelical Lutheran Synod, will preach in the morning services July 17. The services will begin at 7:45 and 10 a.m.

Now stained-glass windows portray the history of salvation from the Creation of the world to Judgment Day, by means of symbols. T. C. Esser Co. of Milwaukee is installing them.

The Ladies' Aid will serve a noon meal in the church basement.

Professor Carlton Toppe, president of Northwestern College, Watertown, Wis., will preach in the afternoon Anniversary Service at 2:00 p.m. on July 17. Pastor Harry Wiedmann of St. John's, Burlington, will serve as liturgist.

A service for the organizations of the congregation will be held Wednesday evening, July 20, at 7:45 p.m. Professor Robert Voss, president of Milwaukee Lutheran Teachers' College will preach the sermon and Rev. Lawrence Nolte, pastor of Zion Lutheran Church, Bristol, will serve as liturgist.

Pastor Oscar J. Naumann, president of the Wisconsin Evangelical Lutheran Synod, will preach in the Services of Rededication to the Lord on Sunday, July 24, at 7:45 and 10:00 a.m. The Men's Club will serve a noon meal at the church.

Rev. R. P. Otto, the former pastor of Peace will preach at the Confirmation Reunion Service, beginning at 2:00 p.m. that day. His son, Karl, a student at the Wisconsin Lutheran Seminary, Mequon, Wis., will be the liturgist. Pastor Otto served the congregation from 1939 to 1962. He confirmed 401 people during that time. The public is cordially invited to attend all of these Centennial services.

The congregation was founded 100 years ago by Rev. Wilhelm Stoerkel, pastor of St. John's Lutheran Church, Slades Corners, Wis. Pastors from Slades Corners and Burlington served the congregation until the beginning of the 1900's.

The name "Peace Ev. Lutheran Church" was chosen in 1908, as a result of a merger of St. Peter's Ev. Lutheran Church and The German Ev. Lutheran Church. The German Ev. Lutheran Church was the one founded in 1866. St. Peter's was an offshoot started as a result of a dispute in the congregation in the late 1870's. For 30 years

Oakland School Principal Resigns

Clifton A. Houghton, principal of Oakland Grade School since 1958, has resigned from the Antioch School system to accept a position as superintendent of the Forreston Grade School District No. 40 at Forreston, Illinois.

Harold Romaine of Rochelle, Ill., has been employed by the Antioch Grade School board to fill the vacancy created by Mr. Houghton's resignation.

The Oakland Grade School PTA is holding an Open House at the school Sunday afternoon, July 17, between 3 p.m. and 5 p.m. to honor Mr. Houghton and to welcome Mr. Romaine.

In the eight years that Houghton has been at Oakland, the enrollment of the school has risen from 300 to 550 students. Under his supervision, the children have learned to respect fair play, good manners and cleanliness. "There is more to teaching than the academic life of school," he told one parents' gathering. "At Oakland, we try to teach the children the importance of respecting their fellow students and the rights of others, a sense of sportsmanship, and the advantage of a sense of humor, in addition to 'readin', ritin' and 'rithmatic'."

Coulson Seeks GOP Unity

State Senator Robert Coulson, newly elected State Central Committeeman from the 12th Congressional District, is taking steps to unify the Republican party in Lake and McHenry Counties.

Coulson hosted two recent meetings, in which the winners and losers of the recent primary election met to combine their efforts and present the strongest possible unified effort in the fall campaign.

"I feel that it is part of the job of a State Central Committeeman to get all candidates back on the same track," Senator Coulson said. "My purpose was to get all of them to shake hands and work for the common cause this November."

At the Lake County meeting held at the Charcoal House near Waukegan, offers and suggestions were directed to Gordon Smith, Lake County Republican Federation President, and Robert Milton, chairman of the Republican Central Committee, by Candidates Bering, Conolly, Kleine, Lindberg, Gerretsen, Sheahan, Scheskie and Petty.

The meetings represented the first activity of Senator Robert Coulson as state central committeeman and Mrs. John Wawirka of Lake Zurich as state central committeewoman.

County Fair Includes Exhibits, Horse Shows

The Lake County Fair and 4-H Club Show starts Wednesday, July 27, and continues through five days and nights, including Sunday, July 31.

The fair will be held on the Lake County Fair Grounds on Route 45, about one-half mile north of Route 120. The Lake County Fair is recognized as one of the top county fairs in Illinois and among the top in the nation.

While the Lake County Fair still maintains much of the flavor of the old county fair with its livestock, crops, and homemaking arts exhibits, it has kept up the latest progress to make this an outstanding exposition for everyone. A sparkling carnival atmosphere is provided by the midway, with its rides and booths. Purebred pedigreed stock is found at the Fair and 4-H Club Show. Exhibitors from Illinois and neighboring states will exhibit their best blue ribbon poultry, sheep, swine, dairy cattle, beef cattle, rabbits and pigeons. In addition, there will be 4-H and open

class horse and pony shows. The opening day of the fair will be 4-H Day. In addition to the all-day horse show, there will be a talent show in the evening. Most of the 4-H club exhibits will be judged the first day of the fair.

Thursday night's program will feature Talented Teens. Friday night will feature Red Blanchard and a group of WGN artists. Saturday and Sunday evenings' variety programs will include trap-eze artists, magic, juggling, a circus clown band and Ginny Tu Show.

Four horse and pony shows will take place during the fair. The 4-H Club Horse and Pony Show will be on the opening day, Friday, July 28, the Western Horse Show; Saturday, another Western show and the All Shetland Pony Show Sunday, July 31.

A giant livestock and machinery parade will start at 7 p.m. Saturday and Sunday evenings. The parade will be led by Miss Lake County Fair Queen of 1966 and her court.

The semi-finalists in the Fair Queen contest will be presented at 7 p.m. Wednesday. The Fair Queen and her court will be announced at 8 p.m. Thursday.

A tractor pulling contest is scheduled for 1 p.m. Sunday, July 31.

There will be thousands of exhibits on display throughout the fair, including 4-H Club exhibits and exhibits by farmers, homemakers and hobbyists.

A public auction of grand champion steers, barrows and wether lambs will be held at 3 p.m. Saturday, July 30. A special informal reception will be held Thursday evening, with Lake County's mayors, supervisors and their wives as guests.

Census To Reveal Buying Plans

A scientifically selected sample of local households will take part in a nationwide survey this month to enable the Bureau of the Census, U. S. Department of Commerce, to estimate the American public's intentions to buy automobiles, houses, and major household appliances.

In making the announcement, Director Theodore F. Olson of the Bureau's Regional Office in Chicago, said these questions will be asked in addition to the usual inquiries about employment and unemployment gathered regularly each month in the Census Bureau's Current Population Survey at the request of the Bureau of Labor Statistics, U. S. Department of Labor.

The intentions to buy questions are included in the Current Population Survey three times a year. The survey in April of this year found that the proportion of households intending to buy automobiles during the next 12 months was about the same as in April 1965, while intentions to buy major household appliances had increased.

Antioch Swelters In 90 Plus Heat

Mason Hurt Chasing Car

Sergeant Harold Mason of the Antioch police was injured early Saturday morning when his squad car went out of control and into a ditch while he was chasing a stolen car.

Mason was taken to the hospital by the Antioch Rescue Squad. He is now at home and recovering from bruises.

Mason went to the office of Dr. Edward Abderholden at about 12:40 a.m. Saturday to investigate a report of prowlers. When he reached the office, the prowlers had left, but the nurses gave him a description of two young men.

Mason saw two young men answering the description in a car a short time later, and ordered them to stop. They took off at high speed and Mason chased them north on Main St.

Near North Ave., the car driven by the supposed prowlers collided with a car driven by Miss Andrea Skarra of Bristol. In trying to avoid her car, Mason lost control and the squad car hit a post and veered into the ditch. The squad car was badly damaged.

Miss Skarra was not injured. The young men continued to speed north, struck a highway marker and a billboard, crossed the road, hit a telephone pole and came to rest in the parking lot of JoPat's Packing House. The young men took off on foot and got away.

Investigation showed they had been driving a car stolen in Chicago. One of the young men, James Haffercamp, 19, was located at Lake George, Wis. He admitted being involved in the theft of the car in the Antioch incident, and the theft of another car in Cross Lake after the first car had been abandoned. Police are now seeking the second man.

Three Boats Burn At Pier

Electric wires started a fire on a Commonwealth Edison pole on North Main St. at 3:15 p.m. last Saturday, July 9. The Antioch Fire Department stood by until a repair crew from the electric company arrived.

Three speed boats moored at a pier at Pick's Resort on Grass Lake caught fire at 3 a.m. Monday, July 11. The Antioch Fire Department was called to the scene, but the fire had too much headway to save the boats.

About \$10,000 worth of damage was done to the three boats. Cause of the blaze was not determined. Other boats nearby were moved to prevent their catching fire.

The burned boats belonged to E. Pondelle, of Franklin Park, a Chris-Craft; Earl Pickford of Ingleside, a Hankner Craft, and Owen Hallefertan, a Chris Craft.

Parking Lot Graveled

The new co-operative parking lot behind the stores on the west side of Main St. in Antioch is shaping up, as village crews hauled gravel in Wednesday and leveled it off.

The storeowners along the street and the village board worked together to lease some property, and obtain permission to use some. The result is that the area has been changed from an eyesore into a level, neat parking lot, with space for a good many cars.

The village also leased the property fronting on Broadway. This is also being gravelled and smoothed out. Later, after the gravel is packed, the whole area will be oiled. Blacktopping is planned for next year.

Some storeowners are planning to remodel the rear entrance to their stores so that customers can enter right from the parking area.

Supreme Court Decisions

Why all the excitement over the recent Supreme Court decision providing that a person arrested as a criminal suspect be informed by the officer that he need not answer questions that may incriminate himself, and must be provided with the services of a lawyer if he wishes one?

We were under the impression that this was always true. We hear repeatedly, and have for a good many years, of criminals who are known to be involved in organized crime who avail themselves of these provisions of the law all the time. Should the average person's ignorance of the law or lack of money for a lawyer give him lesser rights than the gangster?

Police officials cry that they'll be hampered in their investigations. If their investigations consist only of trying to "sweat" a confession out of a suspect, it's no wonder that so many of their cases fail in the courtroom.

The Supreme Court decision has confirmed a safeguard of the law meant to protect the innocent person accused of a crime. In such a case, particularly where a crime is committed that leads to great public pressure on the police to come up with the guilty party, the police may well fasten on a likely looking suspect who actually had nothing to do with it. In that case, his physical stamina through hours of police questioning might decide whether or not he signs a confession, and is convicted. On the other hand, we have the experienced criminal who knows his rights, sticks to them and goes home free even when he may be guilty.

We sympathize with the police who are faced with a growing crime rate and a lack of co-operation from the public. But that isn't a very good reason for throwing out our traditional safeguard of our individual rights in order to make their job easier. In fact, opening the door to convicting innocent persons on their own confession may well complicate the situation. The guilty person in such a case obviously has gotten away with it, and is more likely to commit more crimes.

The answer to the rising crime rate is not to hand more power to the police, but to persuade the average citizen to take more part in seeing that justice is done. He can do it by giving information to the police, by being willing to testify in court and by promoting respect for police officers. There should be some provision in the law for the average citizen to receive his full day's pay if he must go to court as a witness. It is simply true that a man with a family often cannot afford a day off. And there should be provision that no employer will frown on a man's taking time off for such a reason.

Let the police do the police work, and let all citizens back him up—don't expect a suspected criminal to convict himself.

Some observers of the political scene and some county board members who find the influence and political power of Cuba Supervisor Joseph Welch a thing of distaste are reading good tidings into the re-election of Republican Chairman Robert J. Milton. Welch was one of the leaders in the move to dump Milton as GOP Party boss and when E. Kenny Harlan withdrew from the contest a few hours before the county convention convened there were some who professed to see egg on the Welch physiognomy.

There are also indications that Welch is losing some of his grip on the county board even though he was able to retain his post as chairman of the Board of Review. There are stresses and strains in any political alliance and some of the spear carriers in the Welch cabal on the county board are getting restive because the goodies aren't being distributed as equitably as they might be in their view.

Waukegan Supervisor August Cepon is gaining strength again because many of the dissident Welch followers feel they may get a better shake from a new power alignment.

Disappointed followers of Chief Deputy Sheriff Norris Froelich have been hoping the loser in the June 14 primary election would seek the sheriff's office as an independent candidate in the fall because they feel he might draw enough Democratic votes to overcome Sheriff's Nominee Harold Scheskie.

These hopefuls apparently haven't talked to many Democratic leaders. The Democratic hierarchy was pulling for a Froelich victory in the primary because they felt he would be an easier opponent to overcome than Scheskie. The Democrats may not be too confident of electing their Sheriff candidate, Jack Ewing, of Waukegan, but with the new face presented by the Democratic Central Committee you can look for a more active campaign than those mounted in past years by the Democrats.

Your Congressman Reports....

By Cong. Robert McClary

When this Member of Congress attended a recent meeting of Unesco in Paris, France, it seemed that the French people were more cordial and friendly than at any earlier period since the end of World War II. Yet, according to official statements emanating from Washington, relations between our nation and the government of President DeGaulle are strained and deteriorating. The Foreign Affairs Committee of the U. S. House of Representatives is currently conducting a study of our Atlantic alliance including our country's relationship with France.

Some observers contend that the North Atlantic Treaty Organization, NATO, (which General Eisenhower headed before becoming president) is dead. Such a conclusion is almost inescapable if our information is limited to that emanating from the U. S. State Department.

The organization of NATO was spurred in 1949 by a common desire of most Western European nations and our nation to form a North Atlantic alliance to resist the threat of attack from Communist Russia. It was appropriate that our nation should shoulder the major part of this defense in the early days of NATO. But we have failed to shift responsibility to our European allies notwithstanding their flourishing economies and desire to exercise greater individual influence.

The full impact of the impending departure from the NATO family of nations seems not to have penetrated those who are charged with conducting our foreign affairs. In the first place, it should be recognized that if France is not aligned with the other European nations and our nation, it has nowhere to turn except toward the Soviet Union. It would seem that any reasonable concession to General DeGaulle would be preferable to that development.

What, indeed, are the steps planned by our State Department for meeting the impending withdrawal of France? One step is to hold the remaining nations together (a task that is not too easy). The other is to move the NATO headquarters from Paris to Brussels (a step which is certain to further irritate the French).

It is clear that a certain personal pique characterizes the attitudes of General DeGaulle and our State Department representatives with whom he confers. In addition, it is reported that our ambassador to France, Charles Bohlen, soon will be recalled. And well he might be since there appears to be little communication between our embassy in Paris and the Quai d'Orsay (where the responsible French governmental officials hold forth).

Congressional Candidate Hub Stern is stumping the district hard in an effort to upset U. S. Rep. Robert McClary and while his chances aren't good he will give the rest of the ticket a push.

Legislative candidates William Hartnett, an incumbent, and John Matijevich, highly regarded North Chicago Police Chief, are threats to grab two General Assembly seats. Magistrate John Hughes, of Waukegan, will be a tough candidate for the Republicans to shunt aside particularly after the GOP gets through chopping up candidates in the judicial convention.

In times past the Democrats entered the fall campaign with straw man candidates, but this time around they have some party representatives who can be counted on to pull a substantial vote.

The realities of registration make it unlikely that a Democratic victory is in the works, but Republicans can no longer afford the luxury of a complacent campaign in

does lying in a sweltering hospital bed affect a patient with a heart condition?

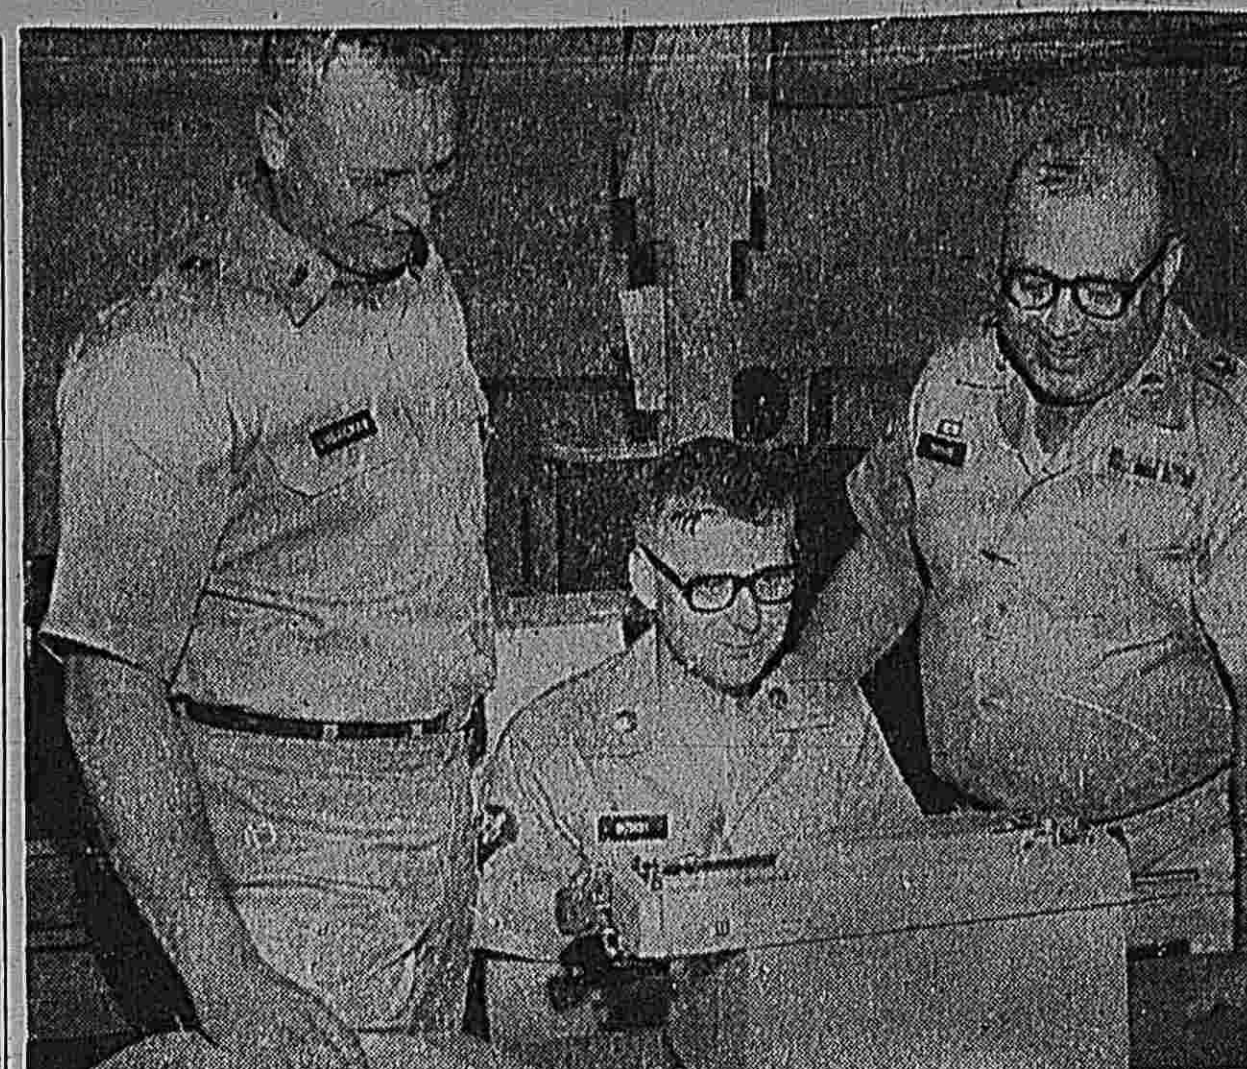

And wouldn't there be some real wrangling and snarling among the patients if air conditioning were available? Guess the administration of said institution would have to set a moderate healthful norm and insist on sticking to it.

DID YOU SEE the Special on TV Sunday about the artificial kidney machine? Seems the artificial kidney can keep many kidney patients alive—if they can dig up \$10,000 a year. The machines are so scarce, and so expensive to operate, that the hospital can not make exceptions. There are many more patients than the machines can accommodate.

It was suggested on the program that the federal government should make the machines available to all who need them, and finance research to improve the machines so that they can be operated cheaper. How do you feel about it?

It does seem rather dreadful, and inconsistent, that we spend billions in research to reach the moon,

spend millions on wars against poverty, more millions to beautify our nation, and let otherwise healthy people die for lack of a machine.

GOURMET TOUCH FOR VARIETY

When you want to add a special gourmet touch to variety meats try some of the following combinations:
Basil and bay leaf are harmonious with liver dishes; sweetbreads take to tarragon. Kidneys respond favorably to oregano and rosemary.

Since oregano makes tomatoes, mushrooms and onions especially delicious, use all four of these with kidneys. That's a way to work out new food combinations for menus.
Total world food production in 1964 was about 2% higher than in 1963.

Vacationing this summer? Interested in a "South Pacific" cruise — Bora Bora, Bali, Tahiti? Then book an air conditioned passage, first class, either the weekend of July 23 and 24 or July 29, 30, 31 to see the Palette, Masque and Lyre production of the famous Rodgers and Hammerstein South Sea musical. Even though the "cruise" is a vicarious one of short duration, it will provide a singularly pleasant and relaxing evening, one whose charm will often be renewed in retrospect.
No guarantee is offered that the voices of the cast will be of the timbre and training of Mary Martin and Ezio Pinza of the original production. But inveterate patrons of local musicals are fully appreciative of the quality, range, and versatility of many of the fine voices that will be heard on the PM&L stage. Such famous songs as "Bali Ha'i", "Happy Talk", "Honey - Bun", "Younger Than Springtime", "Bloody Mary", "There Is Nothin' Like a Dame", "I'm Gonna Wash That Man Right Out-a-My Hair", and "Some Enchanted Evening" gain added luster to this production.
A large cast of almost 50 performers include such outstanding talent as Sydney Morton—Ensign Hallie Forbush, Ken Smouse—Emile DeBeque, Charlotte Worswick—Bloody Mary; Dr. Al Bucar—Luther Billis, Lloyd Pedersen—Lt. Joseph Cable; Don Beveroth—Capt. George Brackett USN, and Steve Krotz—Commdr. William Harbison USN.
The pit combo consists of two pianos played by Mrs. Margaret Aschenbrenner and David Bushnell, bass by Mike Murrie, and drums by Randy Rich. Mrs. Cheryl Hughes has also been assisting as a rehearsal pianist.
An art display will be on exhibit in the lobby showing the work of Nanci Seyfarth, one of the cast members. Many other cast and PM&L members have been busy painting the interior of the theatre, improving the dressing area in the basement, and making the scenery.
Curtain time is 8:30 p.m. each night. The theatre is air conditioned for your comfort. Refreshments will be available at intermission, and Dairy Queen products will be sold on the sidewalk.

Out-of-State Customers To Pay Sales Tax

Illinois and Wisconsin have entered into a reciprocal agreement to collect sales and use tax for each other. Dealers in both states will collect the tax on purchases sent out of state. Illinois has had such an agreement with other states on its borders previously.
The agreement is expected to relieve some of the tension between merchants near the borders of each state. It will tend to equalize the tax burden upon competing merchants on each side of the state border. The agreement will require Illinois retailers to collect Wisconsin's 3% sales tax on all purchases to be sent to Wisconsin, and Wisconsin retailers will collect Illinois 3% tax on purchases to be sent to Illinois.

PORK SAUSAGE-SPANISH RICE

Savory, appetizing pork sausage links offer a tempting combination with Spanish rice. To make this a quickie, use the canned or instant variety of rice.
Pork sausage links should be cooked, also, before being placed in the casserole. Place one pound of pork sausage links in a frying pan with two tablespoons of water. Cover tightly and cook five minutes. Remove cover, pour off drippings and lightly brown the links.

Following a tangle in the semi-final race in which the cars of Lou Merendort and Jim Ipsen of Kenosha were badly damaged, Merendort traded punches with several track attendants who were trying to get him to leave the track.

Ron Justen of McHenry won the feature by battling his way through fast traffic from last starting place to second in 15 laps. He spent five laps trailing leader Mike Wolf of Lake Villa, who had taken the lead on the second

lap and held it until a blown front tire forced him out of the race on the 20th lap. Justen then took over the lead and held it to the check-
er.

Attends School For Auto Dealers

Raymond J. Scarpelli, of John Teresi Chevrolet-Oldsmobile, Inc., Antioch, was among 27 selected Chevrolet dealer executives who were graduated recently from the latest Dealers' session of the Chevrolet School of Merchandising and Management in Detroit.

The school's courses specialize in the latest methods for operating a modern retail Chevrolet dealership.

NICC Trap Shoot Sun.

The Northern Illinois Conservation Club will hold their second annual Chicken Barbecue and Trap Shoot on Sunday, July 17, on their club grounds. Tender young fryers will be broiled over charcoal, and done to a luscious turn by head chef Dick Waters, who also happens to be NICC president.

Also on the gala program is the big July trap shoot-out, held for disgruntled fishermen; unhappy boaters; and ridden campers, and happy nimrods who just like to shoot for the fun of it. Besides which, there will be fat young ducks, chickens, steaks and primers, as rewards for being on target. All types of shooting contests are on the day's list.

For those disappointed shooters who cannot hit the broad side of a barn; for sore-heads and grouches who are mad at the world; and for those guys who want to take a poke at someone—Boy Scouts of NICC sponsored Troop 86 will run a "Smash-a-Car." For a mere dime a shot, they can take their anger and frustration out on a helpless car until it is reduced to a metallic pulp. All of the proceeds from this will be used by the troop to help purchase their equipment.

Earl J. Paddock, McHenry, will lead a group of archers from the Northern Illinois Bowmen in a free exhibition of archery, on the NICC archery range. Fine points of the sport will be shown by the Robin Hood type sportsmen. Paddock is president of the group.

NICC club grounds are 3 miles west of Antioch on Route 173. Shooting and eating begins at 10 a.m. and continues until dark. All of the net proceeds will be used in the NICC conservation program.

Rifles Rookies Welcome Surprise To Coach

The Lake County Rifles 1966 practice sessions are in full swing. The local riders are in camp at Mundelein High School practice field.

Coaches Gene Cielowski and Angelo Dabiero have stressed peak conditioning for their players. They will be issued equipment and can expect some very early scrimmages. The Rifles will undergo a long, hard month of practice in preparation for their exhibition opener with the Canton Centaurs on August 13, at Weiss Field.

Last week's rookie camp provided some welcome sur-

prises to the coaching staff. They were impressed with the play of Walt Isaacson, a Crystal Lake resident who played college ball at the U. of Illinois. Isaacson is a 6'1", 225 lb. halfback. Also leading the list of newcomers were Dick Wolf of Antioch, who played quarterback at N. W. Louisiana State, Steve Olsen from the U. of Wisconsin is highly regarded by the Rifles coaches, along

with Waukegan's Ed Schultzeiss, who is a 160 lb. flankerback.

Some highly touted linemen were Willie and Joe Smith of Waukegan and Indiana State. Also in this category was Bill Buchard, a massive 6'4" 265 lb. tackle from Augustana College. These and other newcomers to the Rifles picture should render the Lake County entry in the Central States League a definite title threat in its second season.

Talented Teens To Audition For Contest

Calling all teens with talent to the 1966 Lake County Fair Talented Teen Search. Auditions will be conducted for singers, dancers, musicians, comedians, and novelty acts on Thursday, July 21, starting at 7 p.m. at the Lake County Fair grounds at Grayslake, Route 45 and 120, according to George Koehnke, president of the Talented Teen Foundation which conducts the contest.

The contest is open to all teenagers in Lake County from 13 to 19 years of age. There is no entry fee. Singers must bring their own accompanist, dancers must bring their own accompanist or a record. There will be a mike and a piano available at

the auditions, but no organ. Each act can fill out an audition form when they arrive on July 21. There will be a special division for a "Battle of Bands." The winner will get a recording session.

A panel of judges will be on hand to evaluate each act at the finals. They will pick the best act in each division and award plaques, then select the best act-of-show to be the "1966 Lake County Fair Champion."

The finals of the "Lake County Fair Talented Teen Search" will be held during the fair on Thursday, July 28. Eighteen (18) acts will be selected at the auditions to compete in the finals.

The Talented Teen Organization is conducting its fourth Europe tour. The troupe will leave O'Hare Airport on August 2, and by a BOAC jet direct to London, England. Teens interested in the tour should contact Talented Teens, 404 Larkdale Lane, Mt. Prospect, Illinois 60056.

Plan Meeting On Ill.-Wis. Sales Tax Collection

Illinois merchants and businessmen in the area adjacent to Waukegan are invited to attend a joint meeting with Wisconsin retailers July 20, at 2 p.m. at the Hotel Karcher in Waukegan.

Officials of the Revenue Departments of Illinois and Wisconsin will be on hand to discuss the cooperative effort of sales and use tax collections for the two states.

The Illinois Retail Merchants Association has been asked to assist in notifying Illinois merchants and any Illinois businessman who does business with Wisconsin residents and also to assist in coordinating the efforts of the two states in clearing up confusion as to where the sales tax or use tax liability will lie. Officials stressed that merchants who register with the "other State" will eliminate any hazard of auditing going back over three years.

CHRISTIAN SCIENCE CHURCHES

"Life" is the subject of this week's Sunday services in all Christian Science churches. The Bible Lesson-Sermon includes the account of Jesus raising Jairus' daughter from the dead (Mark 5).

The Golden Text is from John: "This is life eternal, that they might know thee the only true God, and Jesus Christ, who thou has sent."

Readings from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, include this passage: "The way is straight and narrow, which leads to the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death; either here or hereafter—certainly before we can reach the goal of Spirit, or life in God."

A.F.S. News

If the Antioch Chapter of the American Field Service could, it would send a bouquet of flowers to say thank you to each and every student and adult who helped make it possible for the A.F.S. Dairy Queen trailer to be at the American Legion Carnival during its recent six day stay. Mrs. Roy Nelson, finance chairman, and Mrs. Robert Jensen, coordinator of the high school and adult group, said they felt that the cooperation of all workers was marvelous.

They would give an orchid to JoPat for the use of his

deep freeze, and the entire florist shop would have to go to A.F.S. Santa Claus, T. E. Cardwell, owner of the Antioch Dairy Queen, for his donation of the products being sold. They include a very special thank you to the American Legion for allowing the organization to sell the products and the wonderful spirit of cooperation that was shown.

The A.F.S. trailer will be raising more money to be used for the transportation expenses of their next foreign exchange student the last two weekends in July. Students will be selling dilly bars and Dairy Queen sand-

wiches during the intermissions of the PM&L musical South Pacific July 23, 24, 29, 30, and 31. It will also be at the new National Bank corner during Maxwell Street Days, August 4, 5, and 6. Once again it will pop up at the Lions Club picnic at the swimming pool on August 7.

So during these hot months, watch for the A.F.S. Dairy Queen trailer and support their efforts for "A Step Toward Peace."

It's easy to place a classified—just call 395-4111.

A BARGAIN... A REAL VALUE IS NOT A MATTER OF PRICE ALONE!

It's what you get for what you pay.

The house dress or shift at \$1.98 is no bargain if -
the seams pop the first time you wear it.
or it shrinks inches the first time you wash it.

A cheap product just for the sake of low price is no bargain.
A quality product at a low price,
that's a bargain... that's a real value... that's our A&P Brands.

More than a century ago we decided
our own brands would be our finest values.
They are... and we're proud of it.
So proud... so sure,
we unconditionally guarantee your full satisfaction.

Are A&P Brands a good reason for shopping A&P?
They're one of many.
